Subject: Equipment failure May 25th Cooke Aquaculture Bainbridge Island
Date: Thursday, October 19, 2017 2:43:52 PM

Hi Sean,

Thank you for your call today. Attached are the photos that I have from the equipment that was delivered on May 28th. As I explained on the phone, on Friday, May 25th an 18-wheeler bearing some other type of equipment was delivered at approximately 5:30 p.m. The flagger was very apologetic and explained that they had some equipment failure that necessitated unusual hour for a delivery. If you have any other questions, please don't hesitate to call.

Best,

[REDACTED]
